# Index to Mechanical Engineering

## Volume 53, January—December, 1931

(BR) denotes Book Review, (C) Correspondence, (CT) Conference Table, (D) Discussion, (Ed) Editorial

**Abrasives**
See Steel Grit

**Accident Prevention**
Accident prevention through engineering . . . 741
Advantages of uniform safety regulations . . . 65
Economic aspects of industrial casualty reduction . . . 443
Every one can help (Ed) . . . 549
In times of depression (Ed) . . . 392
Through social engineering . . . 741

**Accidents**
See Automobile Accidents; Industrial Accidents

**Adams, Edward Dean**
Early hydraulic-turbine history (C) . . . 67
Obituary (Ed) . . . 553

**Adkison, Harold**
Petroleum production . . . 912

**Aerial Navigation**
See Aerial Transportation; Aviation

**Aerial Transportation**
See also Aeronautics; Airplanes; Airports
Developments in 1930 . . . 5
Developments in 1931 . . . 888
Improvements in flying conditions (Ed) . . . 315
Increase in recent years . . . 180

**Aerodromes**
See Airports

**Aerodynamics**
See also Aeronautics; Airplane Design
Hydrodynamics and (BR) . . . 319
Progress in 1930 . . . 5
Progress in 1931 . . . 888

**Aerofoils**
See Airplanes

**Aeronautical Engines**
See Airplane Engines

**Aeronautical Symbols**
See Standardization; Standards

**Aeronautics**
See also Aerial Transportation; Aerodynamics; Airplane Design; Airplanes
Commemorative meeting (Ed) . . . 316
Commercial, present status of (Ed) . . . 71
Developments (Ed) . . . 549
Military developments . . . 887
Progress in 1930 . . . 5
Progress in 1931 . . . 886

**Aeroplanes**
See Airplanes

**Agriculture**
Mechanization of (Ed) . . . 237

**Air Conditioning**
See Ventilators

**Aircraft**
See also Airplanes; Airships
Design and construction . . . 888
Design trends (C) . . . 69
Noise of (Ed) . . . 771
Recent engineering research . . . 594

**Aircraft Engines**
See also Airplane Engines
Gasoline and heavy oil (BR) . . . 849
High-speed fuel-injection systems . . . 34
Progress in 1931 . . . 887

**Air Currents**
See Aerodynamics

**Air-Lift Pumps**
See Petroleum Refining

**Air Mail**
See Aerial Transportation

**Air Navigation**
See Aviation; Aerial Transportation

**Air Pilots**
See Aviation

**Airplane Construction**
See Airplane Design

**Airplane Design**
See also Aerodynamics; Aeronautics; Airplane Engines
Rotary "thumbs" . . . 53

**Airplane Engines**
Features of engines exhibited at the National Aircraft Show . . . 827
Junkers "Jumo 4" heavy-oil engine . . . 811
Pobjoy R type . . . 752

**Airplane Manufacture**
See Aeronautics; Airplane Design; Airplane Engines

**Airplane Propellers**
Airscrews for high-speed airplanes . . . 376
Hollow steel blade . . . 53

**Airplanes**
See also Aerial Transportation; Aeronautics; Aircraft
Hiraki-Bane variable-section aerofoil . . . 448
Landing speeds (Ed) . . . 393
Slots, experiments with . . . 595
Spin, experimentation on . . . 595
Stagger-decalage biplane . . . 350
Wind-tunnel tests . . . 891

**Air Pollution**
See Smoke Abatement

**Airports**
See also Aerial Transportation
Income of . . . 54
Progress in 1931 . . . 887

**Air Preheaters**
Study of . . . 538

**Air Resistance**
See Aeronautics

**Air Routes**
See Aerial Transportation

**Airscrews**
See Airplane Propellers

**Airships**
See also Aircraft
*Graf Zeppelin*, successful service of . . . 7
Progress during 1931 . . . 888
*R 100*, round trip of . . . 7
*R 101*, crash of . . . 7
*R 101* report . . . 447
Rigid, recent aspects of . . . 567
Water recovery apparatus for . . . 529

**Air Transport**
See Aerial Transportation; Aviation

**Airways**
See Aerial Transportation; Airports

**Allen, Oliver F.**
American Diesel engines (BR) . . . 944
The high-speed internal-combustion engine (BR) . . . 773

**Alloy Steels**
See also Alloys
Aircraft's debt to . . . 740
Corrosion-proof . . . 50
For use as rolled . . . 926

**Alloys**
See also Alloy Steels
Alloys for cutting tools . . . 21
Faraday's metallurgical researches . . . 925
Iron-chromium-carbon . . . 291
Iron alloys research (C) . . . 310
Light and extra light, corrosion of . . . 55

**American Institute of Electrical Engineers**
*Electrical Engineering* (Ed) . . . 158

**American Society of Mechanical Engineers**
Annual-meeting program . . . 853
Applied Mechanics national meeting (Ed) . . . 623
Commemorative aeronautic meeting (Ed) . . . 316
Fifty-first annual meeting . . . 74
Fuels meeting (Ed) . . . 316
Meetings of technical committees . . . 82
1931 annual-meeting papers . . . 852
Synopses of annual-meeting papers . . . 855
Synopses of fuels-meeting papers . . . 163

**A.S.M.E. Transactions Papers**
Synopses of . . . 89, 164, 244, 322, 401, 479, 558, 697

**American Standards Association**
Electrical standards committee . . . 620
Local representatives of . . . 469, 621
New assistant secretary . . . 469
Officers . . . 157

**Amphibion Planes**
See Aerial Transportation; Airplanes

**Anderson, David S.**
Accident prevention through safety engineering . . . 741

**Apparatus and Instruments**
Power Test Code on. See Power Test Codes

**Applied Mechanics**
Third International Congress for (BR) . . . 850

**Arc Welding**
See Welding

**Armored Cars**
See Mechanization

**Army Equipment**
See Mechanization

**Artificial Silk**
See Rayon

**Ash Separators**
See Separators

**Atomic Power**
From the engineering standpoint . . . 362

**Autogenous Welding**
See Welding

**Autogyros**
Flying . . . 53
Progress made . . . 141

**Automobile Accidents**
Restrict the right to drive (Ed) . . . 392

**Automobile Brakes**
New code for testing . . . 688

**Automobile Engines**
New German DKW car with two-cycle motor . . . 60

**Automobile Industry**
Troubles in Germany . . . 145

**Automobiles**
Accidents (Ed) . . . 237
Engineering problems of (C) . . . 235
"Shimmy" in (BR) . . . 773

**Automotive Transportation**
See Motor Transportation

**Aviation**
See also Aerial Transportation; Aeronautics
Byrd expedition, flight problems of . . . 489
Naval five-year building program . . . 886
Progress in (Ed) . . . 622

# B

**Bailey, Neil P.**
The response of thermocouples . . . 797

**Baker, Charles Whiting**
The automatic loom and its effect on unemployment (C) . . . 156

**Balchen, Bernt**
Aviation lessons of the Antarctic . . . 489

**Bangs, John R., Jr.** Preventive management (BR) . . . 555

**Baud, R. V.**
Contact stresses in gears . . . 667

**Baud, R. V., and Hall, E.**
Stress cycles in gear teeth . . . 207

**Beecroft, David**
Engineering problems of modern motor cars (C) . . . 235

**Benson, E. L.**
Placing wet concrete with belt conveyors (C) . . . 155

**Berry, C. Harold**
Principles of engineering thermodynamics (BR) . . . 397

**Beryllium**
Deposits found . . . 142

**Bevel Gears**
See Gears and Gearing

**Bilhuber, Paul H.**
The wood industries . . . 924

**Blast Furnaces**
See also Iron and Steel Plants
Charging equipment . . . 48
Efficiency . . . 151

**Bleeder Turbines**
See Steam Turbines

**Blenkinsop, John**
Centenary of death of . . . 192

**Blind Persons**
Work for (Ed) . . . 550

**Blooming Mills**
Three-high with mechanical reversing . . . 930

**Boiler Code**
Boiler and pressure-vessel design approved . . . 389
Boiler construction code, revisions and addenda . . . 302, 389, 459

**Boiler Code Committee, Work of**
Interpretations of cases ... 66, 154, 308, 466, 546, 689, 939
**Boiler Feedwater**
See Feedwater
**Boiler Furnaces**
See also Furnaces
Design ... 17
